Statement of Significance

Last updated on - November 22, 2007

In 1897 this large single storey rendered sandstone building was erected for George Powell, grocer, for renting out as shops or offices. The central arched openings in the street facade (which is still as originally designed) leads into a wide central corridor from which there is access to the various shops and offices each with their own vaulted strongroom.

Classified: 19/07/1979
