## Statement of Significance

Last updated on - June 4, 2004

Outstanding size

An outstanding example of the species which has developed a massive trunk and lower buttressing. Located in an area of remnant Gippsland Grey Box, The tree is a dominant feature in the landscape due to its size and location.

*E. bosistoana* is the largest of the *box* group of eucalyptus, growing up to 60 metres tall, and a stem diameter of at least 1.5 metres. Though it is mostly seen from 25 to 40 metres tall. The botanic name honours Joseph Bosisto , a manufacturer of eucalyptus oil

This tree is located in Noorinbee on the Monaro Highway, 1km north of Cann River, 200m south of the intersection on the west side.

Measurements: 28/03/1998  
Spread (m): 33.5  
Girth (m): 7.34  
Height (m): 49  
Estimated Age (yrs): 300
