Statement of Significance

Last updated on - June 4, 2004

Outstanding size

Outstanding example of species

This is one of the largest examples of the species growing in the lower reaches of this forest. It is growing in association with other Mountain Ash, and is the best structured with an entire crown. The tree has outstanding form, a straight clean trunk, fluted butt covered in moss, and an outstanding crown.

This tree is located on the west side of Waratah Flat Road, 3.95km from the Rodger River bridge, opposite a forked Mountain Ash.

Measurements: 22/03/1997
