National Trust

Statement of Significance

Last updated on - June 7, 2004

Outstanding size

Five lateral limbs make up the crown of this well structured forest tree and apart from a small basal scar, presumably from road works, this tree is in good condition. It is notable for its height and large spreading crown. This tree is located on Waratah Flat Road, 1km from the junction with Yalmy Road.

Measurements: 22/03/1997
