Horticultural value  
Rare or localised

This is a very large and old specimen of a 'Black Pippin' pear. This tree is the only known example (1989) of this cultivar in Victoria and is the only remaining tree of a pear orchard planted in 1870 by Mr J Lilford (Snr), a pioneer of the orchard industry in the Goulburn Valley. Pippin' is an old English word derived from the French word for 'seedling'

The tree stands in a grazing paddock at the corner property, 1726 paddock, north side of Lilford Road, 0.75 km west of Byrneside-Kyabram Road.
