National Trust

Statement of Significance

Last updated on - June 7, 2004

Location or Context:

A tree which occurs in a unique location or context and so provides a contribution to the landscape.

Outstanding Size:

A tree outstanding for its large height, trunk circumference or canopy spread.

Outstanding Example of Species:

A tree that is an outstanding example of its species.

An outstanding specimen growing in an arboretum style park. The best of several examples of this species located in the park. It has many cones high on the tree. Other known examples of the species occur in the Ballarat

Botanic Gardens, Mt Dandenong Arboretum and Korumburra Public Park.

This tree is located on the hill S-W of the carpark up the valley towards the old nursery site.
