Statement of Significance

Last updated on - June 7, 2004

Rare or Localised:

A tree of a species or variety that is rare or of very localised distribution.

Horticultural value:

A tree of horticultural or genetic value and could be an important source of propagating stock, including specimens that are particularly resistant to disease or exposure.

Aesthetic Value:

A tree of outstanding aesthetic significance.

An example of a species rare in cultivation in Victoria. This tree has been badly pruned low down and requires

some stub removal.

This tree is located on the hill south-west of the lake.
