Location

Mock Orange Road,, EASTVILLE VIC 3463 - Property No T11198

Municipality

LODDON SHIRE

Level of significance

State

Heritage Listing

National Trust

Statement of Significance

Last updated on - June 16, 2008

Contribution to the landscape.

This planting is typical of the way this species was used, 25 trees on west side for 0.6km and a thicket row on east side (presumably for stock control). This species was widely planted as a hedge plant in the early years of settlement. The row is quite intact and extensive, particularly on the east side, although some gaps exist. This is the longest hedge planting of the species known in Victoria.

Osage orange (*Maclura pomifera*) is regarded as an environmental weed in New South Wales

Measurements: 07/04/1995

Spread (m): 7.2

Girth (m): multi

Height (m): 7.5
Estimated Age (yrs): 90
Condition: Good

Access: Unrestricted
Classified: 27/04/1995

Other Names Osage Orange,

Hermes Number 70702

Property Number
