Statement of Significance

Last updated on - June 8, 2004

Rare or localised

Outstanding example of species

Located in the grounds of a deserted mud brick farmhouse, this tree is remarkable for its almost globular trunk, although the tree exhibits slight splitting of the trunk on the NE side. Other trees on the site include *Ceratonia siliqua* and *Brachychiton populneus*.

This tree is located 500m from the roadside on private land, Carmody Road, Toolleen.
