Location

Meerlieu-Bengworden Road,, MEERLIEU VIC 3862 - Property No T11291

Municipality

WELLINGTON SHIRE

Level of significance

Regional

Heritage Listing

Statement of Significance

Last updated on - June 16, 2008

Unique contribution to the landscape
Rare and localised
Remnant native vegetation

This stand is a disjunct community of about 100 trees, growing in association with Forest Red Gum (*Eucalyptus tereticornis*) and Sweet Bursaria. (*Bursaria spinosa*)

Although common at sub- alpine regions in Victoria , these trees can be found at lowland locations where they called White Sallee. The road easement on which the Snow Gums occur is surrounded by cleared land, so it is probable that the population was more extensive prior to clearing.

Located on Meerlieu-Bengworden Road, west of Tom's Creek, 5km from Bengworden.

Measurements: 05/1982
Spread (m): 16.5
Girth (m): 2
Height (m): 16
Estimated Age (yrs): 150
Condition: Good

Access: Unrestricted
Classified: 13/05/1982

Other Names Snow Gum,

Hermes Number 70795

Property Number
