Statement of Significance

Last updated on - June 9, 2004

Contribution to the landscape
Outstanding size

This Sierra Redwood is a beautiful specimen, believed to be about 100-120 years old (1982). It is located approximately 36.5m east of South Gardens, near the Statue of Autumn.

Sequoiadendron giganteum was a popular tree in the mid 19th century for public spaces noted for its size and longevity.
