Statement of Significance

Last updated on - June 9, 2004

Contribution to the landscape
Particularly old

This tree is a very large and outstanding specimen located in a central position within the cemetery, behind the gazebo. The cemetery was planted in the 1860s and it is believed that the tree is original. The Blue Atlas Cedar is noted for its silvery blue foliage and fissured silvery gray bark. and is native to the Atlas Mountains of Morocco and Algeria
