Bendigo Botanic Gardens, 71 Napoleon Crescent,, WHITE HILLS VIC 3550 - Property No T11375

Municipality

GREATER BENDIGO CITY

Level of significance

State

Heritage Listing

National Trust

Statement of Significance

Last updated on - June 16, 2008

Horticultural value

Contribution to landscape of historic garden

Rare or localised

This is an outstanding specimen of a tree rare in cultivation in Victoria. The only other known specimens are in the Royal Botanic Gardens (7). The Kei Apple is native to southern Africa and its name is derived from the Kei River in the south. The ripe fruits are tasty, and similar to a small apple. This species is widely cultivated for fruit or as a hedge in the Mediterranean and California.

Measurements: 03/1984

Spread (m): 10

Girth (m): 1.4

Height (m): 5

Estimated Age (yrs): 80

Condition: Excellent

Access: Unrestricted

Classified: 13/12/1984
