### Statement of Significance

Last updated on - June 16, 2008

Contribution to landscape

These trees, native to Queensland, are two fine examples of the species growing as street trees. Along with adjacent specimens of *Ficus*, *Araucaria heterophylla* and *Pinus* they represent a style of street tree planting popular between 1850-1870. After this period deciduous trees became widely planted.

Measurements: 07/1986  
Spread (m): 14.5  
Girth (m): 3  
Height (m): 20  
Estimated Age (yrs): 100  
Condition: Good

Access: Unrestricted  
Classified: 10/07/1986

Other Names      Bunya Bunya Pine,

Hermes Number    70891
