Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on - June 10, 2004

Contribution to landscape of historic garden
Outstanding size

This Deodar exhibits the typical form of this species in the Western District - multi-trunked from low down. The homestead was built in 1857 but the date of the garden is unknown. The garden is in a fine setting overlooking the volcanic lakes to the south west of Camperdown. The tree is located on the east side of the homestead.
