Location

Binns Lane, Springmount, CRESWICK VIC 3363 - Property No T11517

Municipality

HEPBURN SHIRE

Level of significance

Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on - June 16, 2008

Remnant native vegetation.
Rare or localised

An isolated stand of seven trees occurring on the edge of an old basalt flow. Some of the other stands in the area have been cut down. Located at Creswick, 5km east along Midland Hwy, right at Sawmill Rd, then Binns Lane, 2nd road on right, at end of road (1982).

Remnant trees growing on the edge of a basalt flow at the end of Binns Lane, Springmount. The area is crown land but has been leased and used for cattle grazing. Previously, these trees had been surrounded by hawthorn and blackberry, but this has been cleared. There is no longer an opportunity for new trees to establish due to the

cattle grazing. The current population of 15 trees is of mixed age (2012).

Measurements: 16 June 2012 (oldest? tree)

Circumference (m): 3 stems: 1.36, 3.05, 2.21 - equivalent to single stem of 4.52m)

Spread (m): N-S 15; E-W 15.3

Height (m): 11.2

Estimated age: Approx 150 years for oldest, 25 years for youngest

Condition: Good

Access: Restricted

Classified 13/5/1982

Other Names Snow Gum,

Hermes Number 71019

Property Number
