## Statement of Significance

Last updated on - June 11, 2004

Outstanding example of species

A well-formed tree commonly planted in north west Victoria as a windbreak. This single specimen has developed a wide crown. It is an evergreen tree, native across North, East and Central Africa, through the Middle East, and into parts of Western and Southern Asia.

09/2013: This tree has recently had a large branch break away from its trunk
