Statement of Significance

Last updated on - June 11, 2004

Tree which occurs in a unique location or context and so provides a contribution to the historic garden or park;
Outstanding size:

Located 20 metres East of Traill Fountain

An outstanding tree and the largest known example in cultivation in Victoria. Other notable specimens occur in the Royal Botanic Gardens,(H gate) and corner Domain and Punt Roads, Portarlington PreSchool Centre and VCAH Burnley. This tree has several very large upright branches within the crown. The tree underwent tree surgery in 1984 and flowers will in summer with pink-red bell-shaped flowers. It is possible that the tree was pollarded at some stage..
