## Statement of Significance

Last updated on - June 17, 2004

Contribution to landscape

Outstanding size

Outstanding example of species

An outstanding example of the species; being amongst the earliest plantings in the gardens. Its central location and weeping foliage makes it a significant feature in the gardens. This tree is the largest and has the best form of the known specimens in Victoria.

The tree is located near the old rotunda.

Measurements: 02/1987
