## Statement of Significance

Last updated on - August 15, 2005

Contribution to the landscape  
Association with Aboriginal activities

This is the only scarred tree still living in the park; there are three other scarred stumps. The Melbourne Cricket Club have no information on the tree but at some stage a fence was erected around it and the following plaque added:

"Historical information indicates this Red Gum tree stump was originally the source of supply of bark used by aborigines for canoe making."

Planted nearby are specimens of *Eucalyptus camaldulensis*, the indigenous tree species.

Located between Gates 8 and 9, 100m from Grandstand.

Scar measures 0.4m x 2.2m.

Measurements: 09/1982  
Spread (m): 13.6  
Girth (m): 3.1  
Height (m): 14.5  
Estimated Age (yrs): 300  
Condition: Good

Access: Unrestricted  
Classified: 07/10/1982

Other Names River Red Gum,

Hermes Number 71361
