## Statement of Significance

Last updated on - June 16, 2008

Contribution to the historic garden  
Outstanding example of species.

Two outstanding specimens planted, among low shrubbery, either side of a path leading to the western side of the Exhibition Buildings. The uniformity and location contribute to their significance. Both trees are in a healthy condition and their weeping habit is particularly attractive.  
Located west of the fountain

Measurements: 09/1986  
Spread (m): 11.5

Girth (m): 2.75  
Height (m): 18.7  
Estimated Age (yrs): 80
