caffrum. Removed

Location

Carlton Gardens, Rathdowne Street, CARLTON VIC 3053 - Property No T11901

Municipality

MELBOURNE CITY

Level of significance

Demolished/Removed

Heritage Listing

National Trust

Statement of Significance

Last updated on - June 30, 2004

Contribution to the historic garden
Rare or localised
Outstanding size

A species rare in cultivation in Victoria. This specimen is by far the largest known in cultivation. Other specimens occur in Eastern Park, Geelong and the Geelong Botanic Gardens. The tree appears to be under stress due to soil conditions, possums and age.

July 2010: Reported removed due to unstable root system.

Measurements: 09/1986

Spread (m): 16.2
Girth (m): 3.42
