## Statement of Significance

Last updated on - June 30, 2004

Contribution to historic garden

One of two examples of the species on the site, this tree has a wide spreading crown and excellent form. Both trees are the only examples of the species located in the Mildura region. 'Rio Vista' was built for W B Chaffey in 1889 and while only remnants of the early garden survive, these trees most certainly date from the 1890s when the garden was first planted. Mr Glasson of Huga & Glasson, is attributed with the layout of 'Rio Vista's' gardens

Measurements: 28/08/1992

Spread (m): 21.5

Girth (m): 3.43

Height (m): 19.75

Estimated Age (yrs): 100

Condition: Good

Measurements: 02/11/2003

Spread (m): 22

Girth (m): 4.7

Height (m): 22

Estimated Age (yrs): 111

Condition: Good

Access: Restricted

Classified: 10/09/1992

Other Names Stone Pine,

Hermes Number 71443
