## Statement of Significance

Last updated on - June 30, 2004

Outstanding size

Outstanding example of species

Northern specimen of two trees in this park, it is notable for its tall trunk and wide-spreading crown. Due to its dense crown, the tree has internal deadwood but otherwise has good branch structure and is a significant landscape feature. Henderson Park was named after BT Henderson, Shire Councillor from 1910 to 1920, and is the main site of ornamental planting in Mildura.

Measurements: 28/08/1992

Spread (m): 16

Girth (m): 1.64

Height (m): 8.75

Estimated Age (yrs): 80

Condition: Good
