
Jubaea chilensis

T11962 Jubaea chilensis

Location

"Eeyeuk", 1344 Darlington Road, KOLORA VIC 3265 - Property No T11962

Municipality

MOYNE SHIRE

Level of significance

Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on -

Contribution to historic garden
Rare or very localised

Centrally located in a largely neglected garden, these trees are a prominent feature due to their location and absence of surrounding mature trees. The garden is thought to have been laid out when the bluestone homestead was completed in 1874 for Alexander Dennis. It is a fascinating and unusual pattern still in its original form. The garden contains a number of rare plants

Measurements (western tree): 25/11/1994
Spread (m): 6.9
Girth (m): 2.94
Height (m): 10.25

Estimated age (yrs): 95
