T11963 Aesculus indica

Location

'Stony Point', Hamilton Highway, DARLINGTON VIC 3271 - Property No T11963

Municipality

CORANGAMITE SHIRE

Level of significance

Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on - July 1, 2004

Contribution to historic garden
Rare or localised

Located in a largely overgrown area of the garden, this tree branches to five trunks at the 1m point with a well-developed canopy. Rare in cultivation in Victoria, the seed is believed to have been obtained from a specimen at Mt Beauty. Little is known of the history of this garden other than its association with the house, shown in early photographs circa 1865. This tree is located in the lower garden east of homestead, beyond ha-ha wall.

Measurements: 26/11/1994
Spread (m): 9.2

Girth (m):0.96
Height (m): 8.3
Estimated Age (yrs): 30
Condition: Good

Access: Restricted
Classified: 08/12/1994.
