65 Douglas Avenue, MILDURA VIC 3223 - Property No T12036

Municipality

MILDURA RURAL CITY

Level of significance

Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on -

Contribution to landscape

Outstanding size

This large *Ficus macrophylla* (Moreton Bay Fig) was planted in the grounds of the original Pioneer Nursery. The Nursery was established in 1888 and it is thought that the tree was planted around this time. Its large size gives the tree prominence in the landscape and the dense crown and dark green foliage is a feature. The tree also exhibits a very wide low spreading crown. This species is uncommon in the Mildura region and the only other known tree is in a private garden opposite Rio Vista. The tree has a well structured and symmetrical crown and minor bark wounds on the trunk.

17/09/2013: The tree is in good condition and a path and a seat has been constructed at its base.

Measurements: 27/10/2000

Spread (m): 30

Girth (m): 6.6

Height (m): 18

Estimated Age (yrs): 112

Condition: Good

Access: Unrestricted
