## Statement of Significance

Last updated on - December 14, 2007

Contribution to the landscape of historic garden  
Outstanding size  
Outstanding aesthetic significance  
Outstanding example of the species

Located in the NSW Cool Temperate Rainforest section, this tree makes a significant contribution to the Australian Rainforest Walk. It is exceptional for its straight trunk and height, aesthetic significance and is an outstanding example of the species. It exhibits good health and vigour and will continue to contribute to the local landscape and tree horizon over a long period. It will also provide good propagation material. There are no other trees of this species listed on the Significant Tree Register.

Measurements: 24/01/07
