## Statement of Significance

Last updated on -

Horticultural value  
Contribution to landscape  
Rare and localised  
Outstanding size

The tree is significant due to the small number of this species that are under cultivation in Victoria. Normally they are located in botanic gardens or historic properties and are rare in horticulture throughout Victoria. The tree is located on the lawn close to the homestead entrance.

Measurements: 20/01/2008  
Girth (m): 3.5 at 1.4
