Victorian Heritage Inventory

## History

Heritage Inventory History of Site: This site is located on Bell's Lead, discovered in 1863. This was a deep alluvial lead mine. The site was opened by John and Robert Bell and Robert Brookbank. The Long Tunnel Mine operated here in the 1880s.

This place/object may be included in the Victorian Heritage Register pursuant to the Heritage Act 2017. Check the Victorian Heritage Database, selecting 'Heritage Victoria' as the place source.
