Statement of Significance

Last updated on - December 17, 2008

Archaeological: The site is in fair condition. Artefact scatters in the NW corner would provide evidence of the variety of activities and resources available to this small community in rural Victoria.

Historical: The site relates to historic themes, development of rural economies, struggling with remoteness, hardship & failure, developing Australia's cultural life and worshipping.

Scientific: The site has potential to provide archaeological information from dump sites within the church yard, that illuminates the activities & resources of a small rural community in Victoria.

Aesthetic: The ruins are very picturesque.

Social: The site has significance to the people of Terrick Terrick East.

Interpretation of Site 1890-1960, functioning church, then abandoned.

Archaeological Significance	The site in in fair condition. Artefact scatters in the NW corner would provide evidence of the variety of activities & resources available to this small community in rural victoria.
Historical Significance	The site relates to historic themes, development of rural exonomies, struggling with remoteness, hardship & failure, developing Astralia's cultural life and worshipping
