
Eucalyptus camaldulensis

T12124 Eucalyptus
camaldulensis

Location

90 Main Street,, BIRREGURRA VIC 3242 - Property No T12124

Municipality

COLAC OTWAY SHIRE

Level of significance

Regional

Heritage Listing

National Trust

Statement of Significance

Last updated on -

Horticultural value
Contribution to landscape
Rare or localised

This Eucalyptus camaldulensis is probably one of the most southerly occurrences of River Red Gum in Australia and so represents the end of the natural range of this species. It is growing in a salt affected floodplain but still exhibits good vigour and is probably one of the largest in the district.

Measurements: 02/10/2007
Girth (m): 5.53
Spread (m): E-W 29.6; N-S 30.5
